Drinking Water Week

In the

City of Charles Town, West Virginia

Whereas, water is our most valuable natural resource; and

Whereas, tap water delivers public health protection, fire protection, support for our economy and the quality of life we enjoy; and

Whereas, any measure of a successful society – low mortality rates, economic growth and diversity, productivity, and public safety – are in some way related to access to safe water; and

Whereas, we are all stewards of the water infrastructure upon which future generations depend; and

Whereas, each citizen of our city is called upon to help protect our source waters from pollution, to practice water conservation, and to get involved in local water issues by getting to know their water;

Now, Therefore, be it resolved that by virtue of the authority vested in me as Mayor of our City, and in accordance with the WV Rivers Source Water Protection Communities designation program, I do hereby proclaim May 1-7, 2022 as Drinking Water Week in the City of Charles Town, WV

In Witness Whereof, I have hereunto set my hand and caused the Seal of Charles Town, West Virginia to be affixed this thirtieth day of April, two thousand twenty-two.
